

Swift[®] Price Computing Retail Scales **ADAM**

With ABS plastic construction and stainless steel top pan, the easy-to-clean Swift scale provides an ideal weighing solution for retail operations. Featuring price-computing capability, the Swift can output data in different languages. Well-suited for deli or catering use, the Swift contains a highly visible backlit LCD to show weight, unit price and total. Customers can view and verify totals either on the rear side of the scale or, optionally, a pillar-mounted rear display. Specially designed drip channels beneath the pan help divert spills. For efficient customer service, Swift can store up to 161 of the most popular products and recall them with a few key strokes. An RS-232 interface or optional USB offer connection to computers and printers, allowing rapid data transmission. The Swift's rechargeable battery and auto power-off feature make this scale an excellent choice for market stands.

*Simple and stylish for fast
price computing in a retail setting*

Features

- Backlit LCD shows weight, unit price and total price, to provide the key information simultaneously
- Rear display mounted on a pillar or back of the scale lets customers see key data
- Adjustable levelling feet help optimize setup
- Color-coded keys facilitate quick recognition of the most frequently used buttons
- RS-232 interface provides speedy connection to computers and printers
- Optional USB interface simplifies data communication
- Overload protection helps prevent damage to internal components
- Drip channels help divert spills away from the scales internal components
- Auto-clear function
- Product look up (PLU) memory locations store a range of items for recall
- Preset tare function speeds the process of repetitive weighing
- Zero-tracking feature ensures display returns to zero reading
- NTEP approved
- Rechargeable battery included for operation almost anywhere
- Auto power-off feature conserves battery life

Applications

- Weighing
- Price Computing

About ADAM:

For the past 50 years, professionals worldwide have relied on Adam Equipment for an extensive selection of dependable and affordable weighing equipment. Adam provides the right balance of speed, performance and value.
