

Durability and performance take center stage with the W series of washdown platform scales. The IP68-rated bases are constructed of easy-to-clean grade 304 stainless steel, which is ideal for wet and dusty environments, and can be used with any indicator, including Adam Equipment's extensive selection of indicators. Connectors on the bottom of the W series are also IP68-rated for advanced protection. The scales also feature overload protection to help prevent damage to internal components, along with a level indicator and adjustable feet to ensure proper setup and optimum weighing results.

*High performance washdown protection for the most demanding environments*

## Features

- Rugged stainless steel construction for ultimate durability
- IP68-rated for protection against water and dust
- Can be used with any Adam indicators
- Large, grade 304 stainless steel pan allows easy cleaning
- Overload protection helps prevent damage to internal components
- Level indicator and adjustable feet ensure proper balance setup for optimum weighing results

## Applications

- Weighing

### **About ADAM:**

For over 50 years, professionals worldwide have relied on Adam Equipment for an extensive selection of dependable and affordable weighing equipment. Adam provides the right balance of speed, performance and value.

## Product Details

Model	WS 8	WS 16	WB 35	WB 75	WF 75	WF 150	WL 150	WL 300
Capacity	8kg	16kg	32kg	75kg		150kg		300kg
Readability	0.0005kg	0.001kg	0.002kg	0.005kg		0.01kg		0.02kg
Linearity (+/-)	1g	2g	5g	10g		20g		40g
Pan Size	250x250mm		400x300mm		500x400mm		600x450mm	
Weighing Units	Selective							
Calibration	External							
Display	Selective							
Operating Temp.	-10° to 40°C							
Housing	Stainless Steel							
Overall Dim.	300x610x190mm		360x740x200mm		500x880x200mm		500x880x260mm	
Net Weight	6kg		10kg		13kg		20.5kg	

## Compatible Indicators

### AE 403 Indicator

The AE 403 indicator can be combined with weighing platforms to handle demanding industrial tasks. It performs well on the loading dock, at food processing plants, in agricultural settings, or in shipping and receiving areas.

### AE 503 Label-Printing Indicator

Strong ABS construction and an integrated label printer enhance functionality for the AE 503 label printing indicator. Add barcodes, QR codes, pictures and custom logos to the 50mm-wide printed labels.

### AE 504 Advanced Label-Printing Indicator

A sturdy, lightweight design with a sealed keypad, an internal rechargeable battery and a built-in printer make the AE 504 counting indicator a great choice for demanding industrial settings and shipping and receiving areas.

### AE 505 Touchscreen Label-Printing Indicator

Combining the intuitive navigation of an 8" / 200mm touchscreen display with the convenience of a built-in printer, USB, RS-232 and optional ethernet, Wi-Fi and Bluetooth connectivity, AE 505 ushers in the next generation of weighing indicator. In addition to creating fully customized labels of multiple lengths with the included software, AE 505 stores up to 10 label designs in its memory.

## Accessories

### Item Number.....Description

- 3014011014..... RS-232 cable M-F
- 3074010507..... RS-232 to USB adapter

### GK Checkweighing Indicator

Packed with smart features, the GK indicator provides a simple user interface, as well as a built-in checkweighing function that allows users to easily view if samples are above, below or at set targets.

### GC Counting Indicator

With a wide range of features, the GC counting indicator is ideal for parts counting tasks. Its numeric keypad facilitates unit weight and sample entry, while the display shows unit weight, total weight and number of pieces.

### GK-S Checkweighing Indicator

The affordable GK-S indicator offers unmistakable results every time from its bright, clear display, while providing a simple user interface for efficient operation and quick results for weighing, checkweighing and check counting.

### GK-Plus Checkweighing Indicator

The GK-Plus indicator is purpose-built for easier checkweighing, with full numeric keypad, colour-changing checkweighing backlight and huge, 40mm-high weight digits.
